Important Information: Passcodes for Student iPads

Dear Parents/Carers,

We are writing to inform you of an important update regarding your child's school iPad. In order to continue to ensure the security of personal data in the event that an iPad is lost or misplaced, we will be introducing a mandatory passcode for student iPads in Year 1-6.

On Wednesday 9th October, your child will be asked to set a four-digit passcode on their iPad. Please note that this will be done in school. To make this easy to remember, we have decided that the passcode will be based on your child's date and month of birth. For example, if their birthday is the 14th of May, their passcode will be 1405. This will help protect their data in the event that the iPad is lost or misplaced, without making it too difficult for them to recall.

Please rest assured that if your child forgets their passcode, their teacher will be able to reset it quickly, ensuring minimal disruption to their learning.

Thank you for your understanding and support. If you have any questions or concerns, please do not hesitate to contact your child's teacher or the school office.

Yours faithfully

Mr Jones

Deputy Headteacher

Head of School: *Mrs J Aitken*

Deputy Headteacher: *Mr A Jones*
